

New Sizes Now Available

Our MD6-ES24VK was so popular...we expanded our offering to include MD4, MD5, and MD8.

The MDX-ES24VK from S&P allows fresh air to enter dwellings to meet building code and ventilation standards requirements through a motorized damper controlled by a 24V temperature/humidity monitoring control. The control can command the central HVAC blower to help distribute fresh air through the existing duct work if necessary.

| Model | | Damper | Damper Size |
|------------|------------|--------|-------------|
| MD4-ES24VK | NEW | MD4 | 4" Damper |
| MD5-ES24VK | NEW | MD5 | 5" Damper |
| MD6-ES24VK | | MD6 | 6" Damper |
| MD8-ES24VK | NEW | MD8 | 8" Damper |
